# 2020 - 2023 ESG ASSESSMENT RESULTS

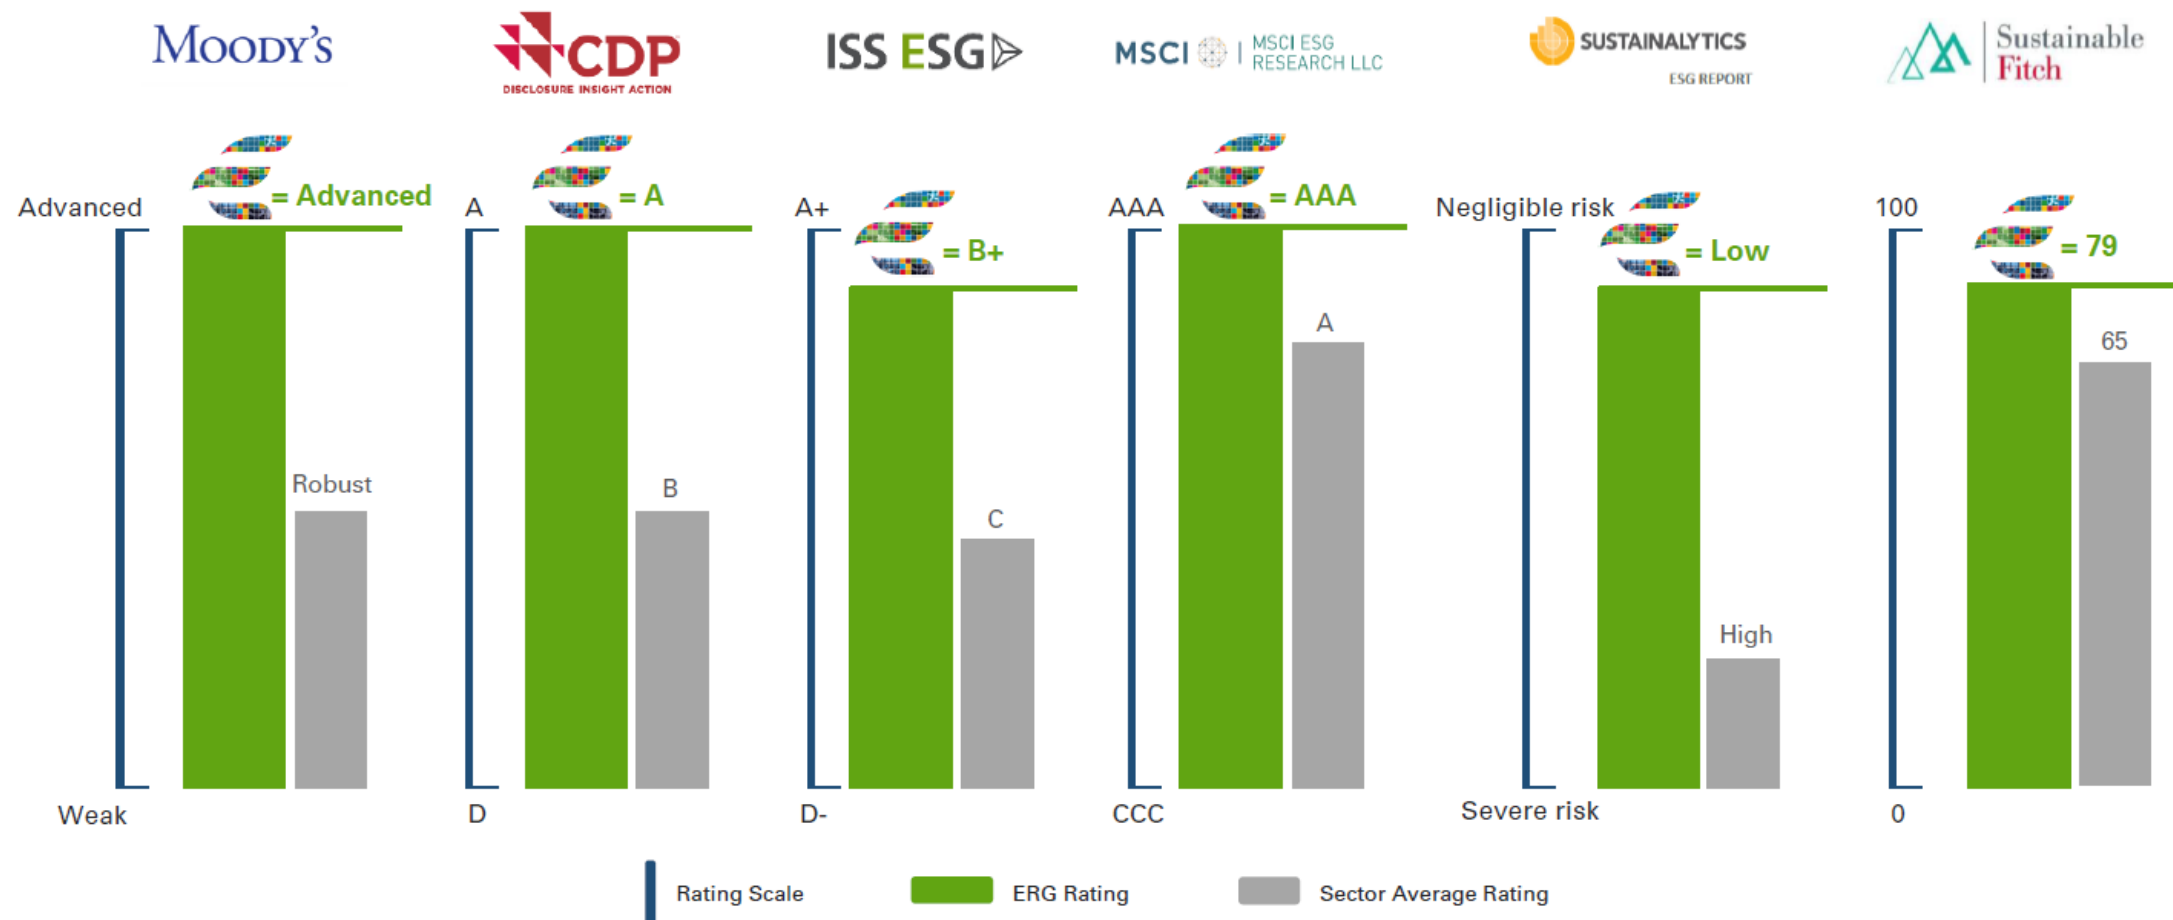

| SUPPLIERS BY SCORING |           | 2020       | 2021       | 2022       | 2023       |
|----------------------|-----------|------------|------------|------------|------------|
| CLUSTER              |           | %          | %          | %          | %          |
| BEST PRACTICE        | (>75%)    | 14%        | 18%        | 25%        | 31%        |
| ADEQUATE             | (50%-75%) | 30%        | 44%        | 44%        | 46%        |
| TO BE IMPROVED       | (25%-50%) | 51%        | 33%        | 30%        | 22%        |
| INSUFFICIENT         | (<25%)    | 6%         | 6%         | 1%         | 1%         |
| <b>REDEMPTION</b>    |           | <b>92%</b> | <b>85%</b> | <b>86%</b> | <b>89%</b> |

- **High redemption score (benchmark about 70%)**
- **TREND AVERAGE SCORE: +3,6% per year (2020-2023: +14,4)**
- **Rating improvement for "adequate" and "best practice" clusters: 77% on 2023 panel vs 69% 2022, 62% 2021 and 44% 2020**

- **Audit campaigns carried out through professional auditors: 93 suppliers involved from 2021 to 2023:**
  - «Standard» Audit: the supplier is required to reply to a detailed questionnaire in 2 days
  - «Desktop Audit – supplier development»: the supplier is required to re-examine his ERG ESG questionnaire
- **Audit Output: action plan**, monitored by Procurement, through a customized tool
